Education

Birla Institute of Technology and Science(BITS), Pilani
Bachelor of Engineering(B.E) in Civil Engineering

November 2020-August 2024

Skills/Tools

Chatgpt| Gemini| Perplexity| Cursor| Lovable/Replit| SQL | Excel | Python | PowerBI | Figma | Jira | Amplitude | Google-Analytics|

Work Experience

Associate Product Manager([Edme insurance Broker](#))

Dec 25- June 26(7 months)

- **Improved operational efficiency by 50%** by leading the 0→1 development of AI-enabled Claims Management System (CMS) and Policy Administration System (PAS), transforming fragmented insurance workflows into scalable digital products
- **Reduced manual effort by 10%** by conducting product discovery with claims, operations, and policy teams and converting user pain points into prioritized product requirements .
- Delivered multiple **product releases** on schedule by owning roadmap prioritization, **sprint planning, stakeholder management, UAT**, and cross-functional execution. .
- **Improved reporting accuracy and operational visibility** by leading data migration, backend field mapping, and reporting workflows during platform transition. .
- **Reduced invoice processing time and manual errors** by redesigning reconciliation workflows using fuzzy matching, bulk uploads, and intelligent automation. .
- **Accelerated product discovery and prototyping** by leveraging Generative AI tools (ChatGPT, Cursor, Lovable) for PRDs, workflow design, wireframing, and requirement documentation .
- Enhanced invoice reconciliation workflows **through matching logic improvements**, bulk actions, and status tracking capabilities, reducing **processing overhead**.

Associate Product Manager Trainee([Spaisa Capital Ltd](#))

Nov 24- Sept 25(10 months)

- Launched a **curated Basket Investing** feature with the research team, boosting investor engagement through simplified,goal based fund selection.
- **Improved customer support efficiency** by launching an LLM-powered AI chatbot that automated repetitive customer queries and reduced response time.
- **Increased user conversion by 3%** by identifying gaps in mutual fund comparison and launching MF Compare and Nifty50 benchmarking tools.
- Launched the **MTF page** and **Scalper page** by leading user research, enhancing engagement by **5-7%**
- **Improved user engagement by 5%** by redesigning key **prelogin journeys** using customer behavior insights
- **Enabled onboarding of 500+ partners** by simplifying partner onboarding workflows and redesigning the portal exp
- **Reduced onboarding friction** by introducing Google Sign-In and simplifying account creation.
- **Performed in-depth RCA** across tech & ops layers, proactively identified and resolved glitches, ensuring **system stability**

Product Management Intern ([Liquidmind AI](#))(0-1 level startup)

Jun 24- August 24(3 months)

- **Reduced onboarding time by 30%** by identifying friction points through user journey analysis and redesigning onboarding flow
- **Increased payment flexibility** by introducing Pay Later, Partial Payment, and Pay Now options.
- **Achieved 99% payment verification accuracy** by collaborating with engineering teams to integrate APIs

Projects

Improved Ticket booking experience for BookMyShow

Sept'24- Oct'24

- **Proposed a scalable pre-booking experience** to improve ticket availability during high-demand events by conducting user research, competitive benchmarking, and system-level analysis. .
- Conducted **user research** and **competitor analysis** to identify challenges in helping save **15% of BMS's user base**.
- Understand the **system design** by talking with **BMS engineers** to identify the potential problems from the **tech side**
- Proposed a **pre-booking solution** with system diagrams and **low-fidelity wireframes** to optimize bookings and **reduce traffic** .

Academic and Extracurricular Achievements

- Ranked **2nd** in Battle of Bands- A **musical** event of Symbiosis College, Hyderabad
- **Pearl** Member of **Organizing Committee**
- **Member of a Band.** Performed at various college fests and shows with my band as a **Guitarist**
